

PACE **Pursuit Series**

The PACE Pursuit range of commercial quality RIBS are purpose built to be tough workboats or high performance chase craft capable of withstanding the harshest conditions. Pursuit RIBS feature deep V, 4-5 mm aluminum hulls and large diameter tubes from quality European fabrics, making them ideally suited for use as support, safety, and coach boats. Our boats can be configured with a wide range of seating and console options, allowing you to design the perfect PACE RIB for your needs.
